My dearest,

I shipped my trunk home in care of your mother in Lakewood. I shall write her a letter and send the key. As for the 5 Special orders, I shall send my 20, fill to Cleveland also. In it you will find 5 copies of my orders to Princeton, and 5 from C.A.S.A. in Monterey. That (either 5) ought to enable you to move your furniture with no trouble at all.

The weather has been grand, and there is an excellent gym here where I can get a work out each day. As a result I am feeling

grand. Tonight we were a little less busy so I went over to see Tabulah Bandhead in Royal Scandal. It's very good. See it if you can.

Dearest, I miss you and Johnny very much. How are his doggies? Can he walk without a chair yet? Give him a big hug from me.

Did the Davenports move in with you?  
And how are you making out?

George is still in rare form. This morning  
over at the G.M. Store he was having trouble  
getting fitted. "Give me the largest size," says he, "and  
then the one larger than that." He said he enjoyed  
buying barracks caps and handkerchiefs. They  
always had his size.

I still have not been able to secure a  
flashlight or a pair of garters, but I guess I can  
do without them.

Dearest, I must bid adieu. My dearest love  
to you. I love you.

Jack
